This is the book that Wall Street doesn't want you to read. It's a book about my experiences, my insights, and my take on the brokerage business. As a top-producing Wall Street stockbroker for 20 years at some of the largest firms, I had the opportunity to see everything – the junkets, the incentives, the sales strategies, the product preferences, and most of all how poorly customers are treated.

YOUR AUDIENCE WILL LEARN HOW TO PROTECT THEMSELVES FROM THE ABUSIVE INVESTMENT INDUSTRY!!

- How commissions drive EVERYTHING at Wall Street Firms
- How regulation has failed
- How brokers are rewarded for everything EXCEPT making clients money
- How broker titles are meaningless
- How brokers DON'T have access to some of the BEST investments
- Plus **MUCH** more!!
